## FOOTER AND HEADER STYLING

## STEP 1: OPEN AEM

STEP 2 : GO INSIDE TOOLS → TEMPLATES

SELECT THE BOOK TEMPLATE AND EDIT IT

## STEP 03: GO TO VS CODE AND OPEN myTraining PROJECT FOLDER

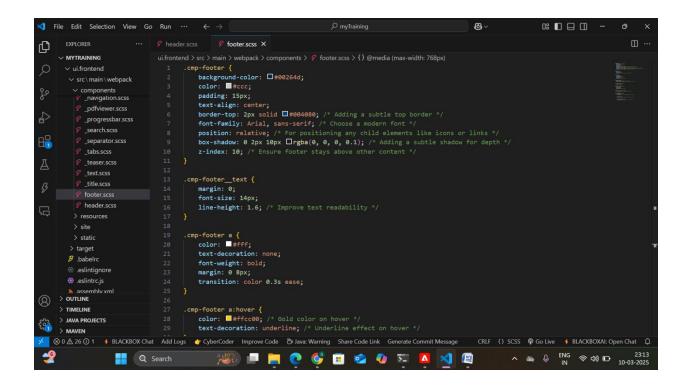

myTraining-> UI.FRONTEND -> SRC -> MAIN -> COMPONENTS -> create file header.scss and footer.scss

```

STEP 04 : Add Experience fragments (Header, Footer) to the book template.

Run the project using the command mvn clean install -PautoInstallPackage -Dmaven.test.skip=true

## Output:
